

Reduce the Impact

Rubber arena crumb will reduce the impact on your horse's hooves and legs.

Arena crumb provides a long last product that won't degrade over time. It reduces dust and it remains much cooler than sand in the hot summer months, creating a cleaner and safer space for equestrian activity. In addition, Shercom arena crumb does not freeze in the winter making it a perfect year round product.

- alleviates joint stress on horses and provides cushioning for rider
- provides secure footing in all weather conditions
- lasts for years
- won't decay or rot
- improves draining
- reduces dust

All Shercom products are non-toxic and non-flammable making them safe and eco-friendly for any space.
